Steve Cotone is Vice President, Program Management at SupplyCore Inc. Mr. Cotone joined SupplyCore in 2005. He serves as Vice President, Program Management responsible for the North Central MRO Prime Vendor contract, Southeast MRO Prime Vendor contract, Foreign Military Sales contract, CONUS GSA Hardware SuperStore, and CONUS GSA Facilities Maintenance schedules with a total annual value of over \$40,000,000. Mr. Cotone is also responsible for the Global Fleet Automotive Support Initiative (FASI-G) program.

Mr. Cotone graduated from Southern Illinois University in 1992 with a Bachelor of Arts degree in Psychology and studies in Law Enforcement. Prior to joining SupplyCore, Mr. Cotone was a counselor at a residential facility focused on housing inner-city kids involved in gang activity in the Chicago land area. He spent time at Aramark Uniform services as a route sales representative and Regional Manager in the Madison, Wisconsin area. From 1995 to 2005, Mr. Cotone worked for Textron Fastening Systems. In 1997, he transferred to Fishers, IN and spent three years working for Textron Fastening Systems Automotive division as a sales representative calling on tiered automotive companies including Borg Warner Automotive, Delco Remy America and heavy truck engine manufacturer, Cummins Engine. In 2003, Mr. Cotone accepted assignment into Textron's Six Sigma program. His responsibilities while a Textron Black Belt in Six Sigma included project management, leading training sessions, waste reduction, change agent, developing training procedures and developing sales processes.

Mr. Cotone's current responsibilities at SupplyCore include leading the CONUS outside sales team and supporting bases within their contract regions. Mr. Cotone meets regularly with key base personal as well as DLA Troop Support personal to review SupplyCore's performance, work on continuous improvement efforts, and explore and develop new opportunities to support our troops. Mr. Cotone's responsibilities within the FASI-G contract include working closely with DLA Land and Maritime personal, the end users and SupplyCore associates to ensure that SupplyCore is exceeding all contract expectations. Mr. Cotone also attends the quarterly performance review meetings, meets regularly with key end users, distributes semi annual customer surveys and takes action as trends indicate.
