# LEGACY WEAPON RACKS

Flexible storage for weapons, ammunition, and tactical gear

## HEAVY-DUTY CONSTRUCTION

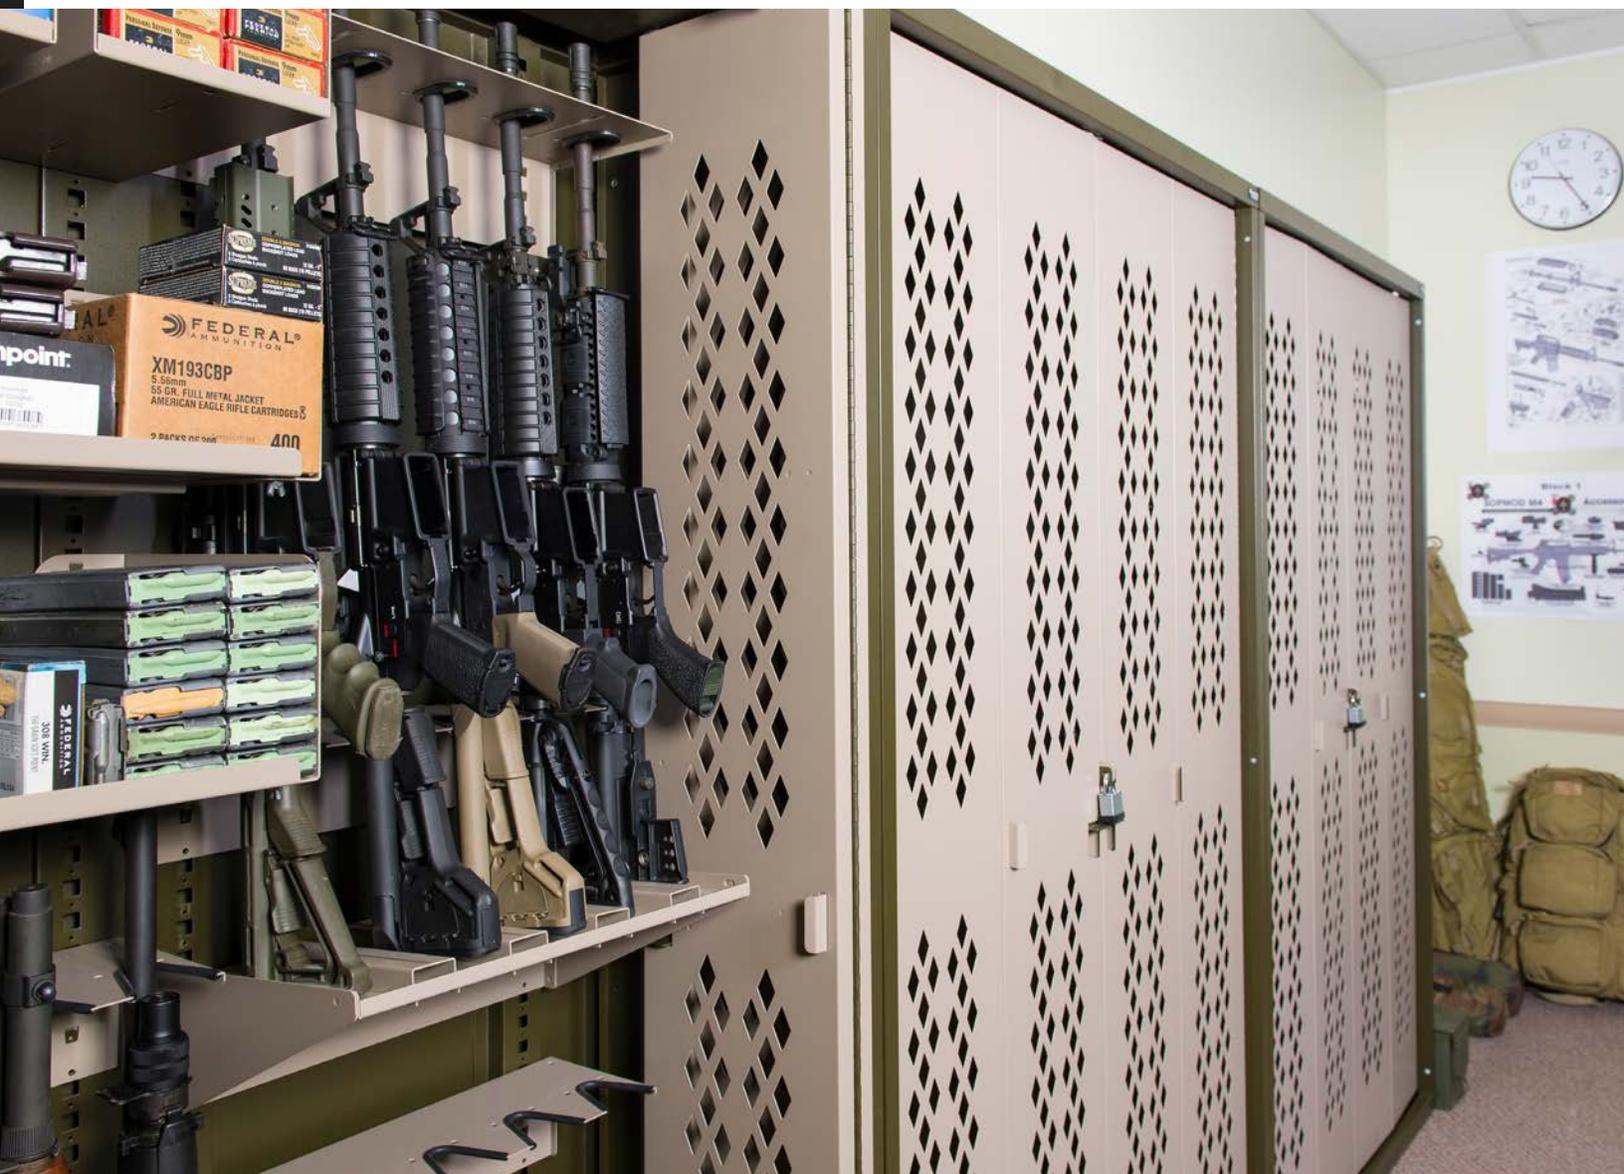

Constructed of heavy-gauge, fully-welded steel, Datum's weapon racks are durable and include enhanced security features, including reinforced doors with full-length piano-hinges and complete extension lock bars.

## ADJUSTABLE COMPONENTS

An extensive selection of adjustable brackets, shelves, bases, and mounts offers the flexibility to store rifles, shotguns, pistols, ammunition, and tactical gear.

## LOCKING OPTIONS

Legacy Weapon racks feature 5 or 7 point locking mechanisms secured with a key lock or padlock hasps. **All variations meet U.S. Military Standards.**

## SINGLE AND DOUBLE HINGED DOOR RACK

Datum's hinged door weapon racks are designed to securely store weapons, gear, and other tactical equipment. Traditional hinged doors allow full access to stored weapons and full use of available space in the interior of the cabinet.

### FEATURES

- National Tactical Officers Association recommended
- 3-point lock (single), 5-point lock (double) Keyed lock or hasp for customer supplied padlock
- Various locking options
- Leveling glides included to adjust alignment in the field
- Internal lock bars on doors reduce interference with stored weapons
- NSN, GSA, and state contracts
- Customize for varying storage needs

### MULTIPLE SIZES

Standard racks come assembled at 21" or 42" widths with heights ranging from 24" to 84" to meet specific weapon storage needs. Contact your Datum Specialist for more information.

## BI-FOLD DOOR RACK

Datum's bi-fold door weapon racks are designed to securely store weapons, gear, and other tactical equipment. Doors fully recede into the cabinet to allow free movement around the cabinet and **meet U.S. Military security standards.**

### FEATURES

- National Tactical Officers Association recommended
- 7-point lock (double door)
- Hasp for customer supplied padlock
- Leveling glides included to adjust alignment in the field
- Internal lock bars on doors reduce interference with stored weapons
- NSN, GSA, and state contracts
- Customize for varying storage needs

### MULTIPLE SIZES

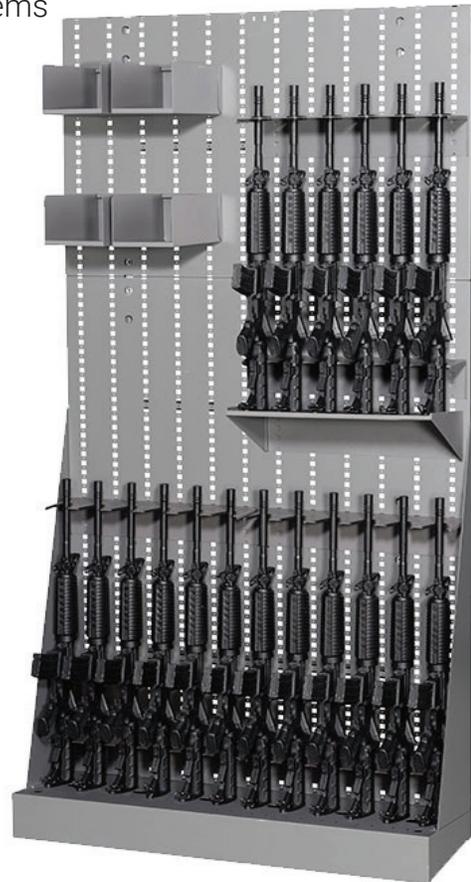

Standard racks are 42" wide with heights ranging from 24" to 84" to meet specific weapon storage needs. Contact your Datum Specialist for more information.

## OPEN RACKS

Datum's open weapon racks are designed to store a variety of weapons, gear, and tactical equipment in a secure room environment. Open weapon racks have a mobile transport cart option that allows for easy movement between armory and training rooms.

## FEATURES

- Configurable to accommodate a wide variety of weapons
- Constructed of 16- and 18-gauge welded steel
- 1" vertical centers
- Modular component mounting system
- Secure to a wall, back to back, and side to side
- Includes base and leveling glides
- Back panels have component security screw holes
- Store long guns, rifles, handguns, ammunition, helmets, tripods, backpacks, tasers, and optics
- Powder-coated finish available in all standard Datum colors
- Compatible with MobileTrak® high-density storage systems
- Mobile option for easy movement

## MULTIPLE SIZES

Standard racks are 36" or 42" widths with heights ranging from 43" to 110" to meet specific weapon storage needs. Contact your Datum Specialist for more information.

# GENERATION II WEAPON RACK - G2

Military-grade storage for weapons, ammunition, and tactical gear

The newest addition to Datum's line of weapon storage products, the G2 is constructed of 16-gauge, fully-welded steel and features a newly designed back-panel with a shelf weight capacity of 300 lbs. The panel runs the weapon rack's full length to support a wide range of durable 14-gauge steel components.

In addition to the rack's strength, the G2 is designed to provide maximum flexibility for weapon inventory. A newly designed modular base easily accommodates rifles and crew-served weapons and offers additional stability. Other new features include a sling retention component to prevent snags during weapon retrieval and bi-fold doors that do not recess into the cabinet to increase the weapon rack's storage capacity. A hinged door option is also available.

## FEATURES

- National Tactical Officers Association recommended
- Constructed of 16 gauge fully-welded steel
- Components constructed of 14 gauge steel
- Leveling glides included to adjust door alignment field
- Back panels feature component security screw holes
- 7-point locking bi-fold door and 6-point locking hinged door with hasp for padlock
- Internal lock bars on doors to reduce interference with stored weapons
- Perforated doors allow visual inventory and ventilation
- Racks can be bolted to wall studs, side to side, or stacked
- Compatible with Datum's MobileTrak® systems
- Finishing available in 15 standard powder coat colors

## MULTIPLE SIZES

Standard racks are 36" or 42" W x 15" D with heights ranging from 48" to 84" to meet specific weapon storage needs. Contact your Datum Specialist for more information.

# PERSONAL STORAGE AND MAINTENANCE

Secure, customizable storage and workspaces for weapons and gear

## PISTOL LOCKER

Datum's Personal Pistol Locker is designed for the secure storage of pistols and other personal items and gear.

### FEATURES

- Available in single, 4, or 6 tier (keyed separately)
- Key, enhanced key, hasp, or digital lock
- Easily mounted on a wall, under a desk, or in a locker
- Rear mounting lances offer compatibility with Datum weapon racks and lockers
- Woven mat provided to protect stored weapon and items

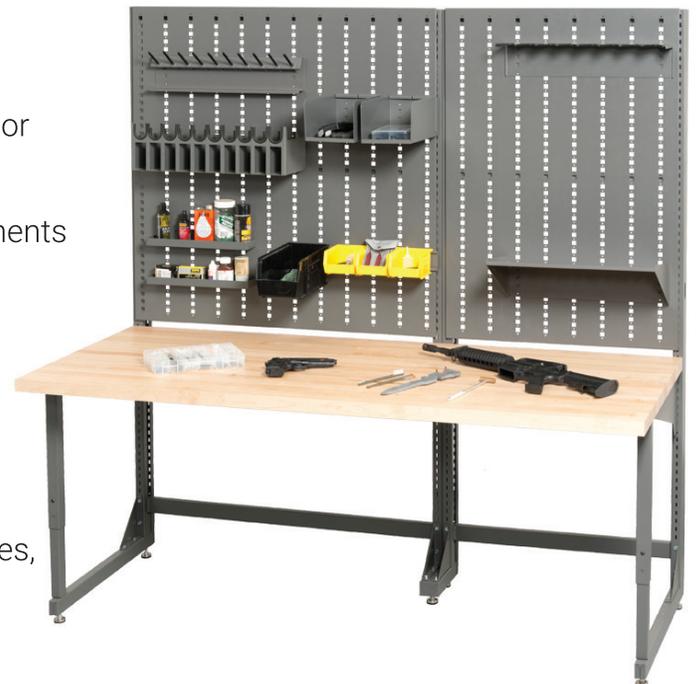

## ARMORER'S BENCH

Datum's Armorer's Bench is designed for weapon repair and maintenance. The bench features heavy-duty steel construction and is compatible with Datum's line of weapon racks.

### FEATURES

- Fully welded heavy-duty 14-gauge framing with 11-gauge reinforcements and supports
- Solid steel worksurface supports stainless steel or butcher block worksurface
- 1-inch adjustable heights for back panel components
- Adjustable leveling glides
- Powder-coated finish (except upgraded work surface)
- Two heights: 72-inch standard desktop height and 84-inch barstool height
- Optional shelves, rifle shotgun racks, pistol cradles, tools and parts bins, liquid storage shelves
- Various sizes and configurations available

# GEARSTOR LOCKERS

Personal, Gear, and Tactical Lockers

Datum's line of GearStor heavy-duty steel lockers offer the customizable, secure storage you need when readiness and efficiency matter. Designed to secure and store uniforms, equipment, personal items, and tactical gear, the lockers can be customized to meet your specific storage needs. Optional components include accessory panels, security boxes, and boot trays.

## FEATURES

- Reinforced top and bottom
- 18-gauge welded steel frame
- Solid, louvered, or ventilated doors
- 1-inch slotted uprights
- Continuous piano hinges
- 3-point lock
- Leveling glides
- Powder-coated finish available in multiple colors
- Compatible with Datum Weapon Rack components

## STACKED LOCKERS

Datum's Stacked Lockers are available in single-, double-, and triple-high configurations and are perfect for personal and gear storage.

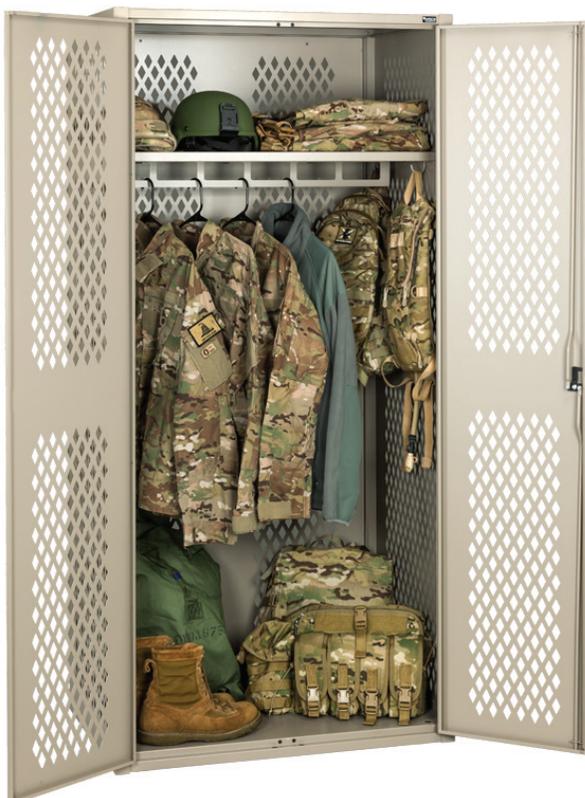

### FEATURES

- Single and double door options
- Available in eight widths ranging from 12 to 48 inches
- Available in four heights ranging from 24 to 42 inches
- Can be placed on top of or below GearStor Personnel Lockers

## TA-50 EQUIPMENT LOCKERS

Datum's TA-50 Economy Equipment Locker is the ideal solution for gear storage with full-access double doors and generous ventilation that shortens dry time for wet gear and allows visual inspection even when doors are closed. It is equipped with a heavy-duty upper shelf, a full-width welded garment hanger, and four J hooks for convenient, organized gear storage.

### FEATURES

- Fully welded, heavy-duty steel locker body
- Diamond ventilation pattern for full visibility
- Heavy-duty upper shelf
- Full-width welded garment hanger
- 4 J hooks
- Hasp lock
- Continuous, full-height heavy-duty steel security hinges
- 4Post™ leveling glides included for non-level floors
- Powder-coated finish available in all standard Datum colors

# HIGH-DENSITY STORAGE

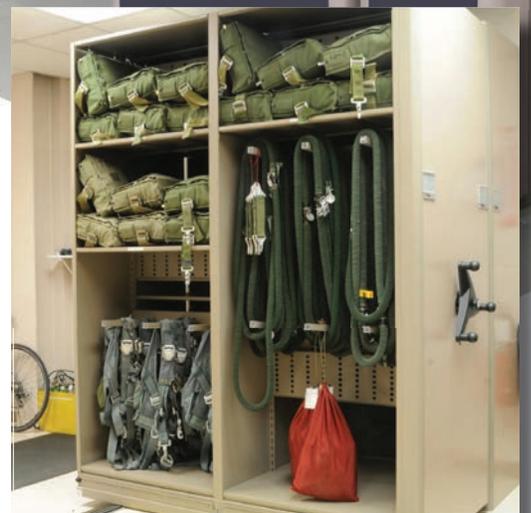

Increase your storage, not your space

Datum's weapon racks and specialized shelving seamlessly integrate into Datum's MobileTrak® systems, maximizing storage space with minimal floor space. MobileTrak® systems can easily be expanded or moved as storage needs change.

From military and public safety to police officers, SWAT teams, and first responders, Datum will help you organize, secure, and protect everything you need to do your job.
