

CENTER-DRIVE® RESCUE

MULTI-TOOL + SHEATH

The Center-Drive Black offers uncompromising performance through revolutionary design, now with a one hand opening strap cutter. The innovative center-axis driver opens to align like a real screw driver, yielding maximum torque and rotation. No productivity is sacrificed with the addition of a 2.5" internal partially serrated blade and one-thumb opening sliding jaws. Full size, real tools - the multi-tool just got a reality check. Available w/ an M4 compatible bit set and, Berry Compliant sheath options.

DOUBLEDOWN

Tough work demands tough tools. The American-made Doubledown Folding Machete is the tough tool for jobs across the spectrum. Delivering full function at half the size, the Doubledown stows compactly and easily in a pack, on a belt, or attached to MOLLE webbing. Its patent pending QuadLock System engages in 3 positions ensuring safe operation under varying levels of stress. When splitting is needed, the forward jimping enables efficient batoning. The ergonomic design strengthens users to work harder and longer. With a weight-forward design, each swing delivers additional impact for your effort making chopping a task any user can marshal. A slight recurve in the blade provides a protected edge near the handle for carving and shaving tasks typically accomplished with a knife, accompanies by a handle region designed to choke up and handle the tool as a knife.

FEATURES

- 420HC recurve blade
- QuadLock locking system
- Two handling positions
- Baton jimping
- Stability bar
- Overstrike guard
- MOLLE or belt-carry sheath

SPECS

- Blade length: 6.75"
- Overall length: 15.1"
- Weight: 18 ounces

PRINCIPLE FIXED BLADE

Directly in alignment with Gerber's pioneering spirit, the Principle is an empowering tool that accomplishes tasks of all shapes and sizes. With its where-you-need-it triple mounting sheath system, the Principle is never out of reach. Use this tool to concoct a shelter, wire a snare, bore a hole, or any other camping or bushcraft demand that may appear. Equipped with an easy-to-re-sharpen Scandinavian Grind edge, the Principle is purpose-built to run the longhaul. The 90 degree spine empowers users to start a fire with a variety of striking rods. Whatever circumstance the outdoors may throw your way, the Principle is designed to overcome.

UNPRECEDENTED VALUE

FEATURES

- Zero edge Scandinavian grind
- MOLLE, dropleg, or scout carry options
- 90 degree firestriking spine
- Versatile blade shape
- Multi-grip handle ergonomics
- Rubber overmold for comfort in prolonged use
- Lashing holes
