

## DOUBLE DOWN COLD WEATHER GLOVE

The Double Down cold weather glove offers strength, stretch, warmth and weather resistance via DWR Tweave® shell fabric mated with 4-way stretch Polartec® PowerStretch® materials. It is the most effective winter work glove on the market today.

### PRECISION TRIGGER FINGER

Leather wrapped trigger finger for precise tactile feel and smooth trigger acquisition.

### TOUCH-SCREEN ACTIVE

TouchSync technology allows for seamless interfacing with the growing amount of touch-screen devices in the field.

# SPECS

1-TS-DBD-CYT

1-TS-DBD-BLK

## 01 GRIP SYSTEM

Our 2-part proprietary grip system increases grip by nearly 300%.

## 04 TOUCH-SCREEN

Permanent TouchSync micro-material is embedded into both index and thumb leathers, enabling easy operation of phones and tablets.

## 02 PRE-CURVED DESIGN

All our gloves are cut and sewn to compliment the natural curvature of your hand. Strategic seam placement allows for maximum comfort.

## 05 WEATHER RESISTANT SHELL

DWR Tweave® Durastretch outer shell combats the elements, blocking rain, snow, and wind while remaining breathable and light.

## 03 WRAPPED TRIGGER FINGER

Digital goat skin leather from the palm wraps seamlessly around the index, making a smooth and tactile trigger finger.
