

LIGHT DUTY OPERATIONAL GLOVE

The Light Duty is a short multipurpose glove produced from stretch nylon, premium smooth and digital goatskin leather, making this glove breathable, flexible and form fitting. The Velcro® wrist strap ensures a secure yet comfortable fit.

PRECISION TRIGGER FINGER

Leather wrapped trigger finger for precise tactile feel and smooth trigger acquisition.

TOUCH-SCREEN ACTIVE

TouchSync technology allows for seamless interfacing with the growing amount of touch-screen devices in the field.

S P E C S

01 GRIP SYSTEM

Our 2-part proprietary grip system increases grip by nearly 300%.

04 TOUCH-SCREEN

Permanent TouchSync micro-material is embedded into both index and thumb leathers, enabling easy operation of phones and tablets.

02 PRE-CURVED DESIGN

All our gloves are cut and sewn to compliment the natural curvature of your hand. Strategic seam placement allows for maximum comfort.

05 STRETCH NYLON

Durable stretch nylon self fabric for comfort and durability.

03 WRAPPED TRIGGER FINGER

Digital goat skin leather from the palm wraps seamlessly around the index, making a smooth and tactile trigger finger.
