

# OPERATOR COMBAT GLOVE

The Operator combat glove is a short multipurpose glove produced from 100% Nomex®, smooth and digital goatskin leather, making this glove fire resistant and form-fitting. A Velcro® wrist strap ensures a secure comfortable fit.

## PRECISION TRIGGER FINGER

Leather wrapped trigger finger for precise tactile feel and smooth trigger acquisition.

## TOUCH-SCREEN ACTIVE

TouchSync technology allows for seamless interfacing with the growing amount of touch-screen devices in the field.

# SPECS

## 01 GRIP SYSTEM

Our 2-part proprietary grip system increases grip by nearly 300%.

## 04 TOUCH-SCREEN

Permanent TouchSync micro-material is embedded into both index and thumb leathers, enabling easy operation of phones and tablets.

## 02 PRE-CURVED DESIGN

All our gloves are cut and sewn to compliment the natural curvature of your hand. Strategic seam placement allows for maximum comfort.

## 05 HIGH-SPEC NOMEX

Durable stretch nylon self fabric for comfort and durability.

## 03 WRAPPED TRIGGER FINGER

Digital goat skin leather from the palm wraps seamlessly around the index, making a smooth and tactile trigger finger.

## 06 SOFT IMPACT KNUCKLE

Shock absorbing impact knuckles curve and flex with the natural articulation of your hand.
