# SPECS

## 01 GRIP LOCK TECHNOLOGY

Our 2-part proprietary grip system increases grip by nearly 300%.

## 04 TOUCH-SCREEN

Permanent TouchSync micro-material is embedded into both index and thumb leathers, enabling easy operation of phones and tablets.

## 02 PRE-CURVED DESIGN

All our gloves are cut and sewn to compliment the natural curvature of your hand. Strategic seam placement allows for maximum comfort.

## 05 FIRE-RESISTANT NOMEX®

Premium Nomex® self fabric for complete fire resistance surrounding the hand and wrist.

## 03 WRAPPED TRIGGER FINGER

Digital goat skin leather from the palm wraps seamlessly around the index, making a smooth and tactile trigger finger.
